U.S. PHONE ACCOUNT

How to Set Up a U.S. Phone Account

Cell Phone Plan vs SIM Card

- **Cell Phone Plan** – paid monthly contract with a mobile carrier company that covers phone calls, text, and cellular data as well as a purchase of a cell phone.
- **SIM Cards** - can be purchased for *unlocked* phones. Prepaid phone plan works very similarly to a monthly plan but on a pay-as-you-go system
- Another option is **Campus SIMS**. Campus SIMS is offering free SIM cards to students to help connect you with mobile phone service in the United States (U.S.). Plans start at \$15/month and you can get your U.S. phone number before you leave your home country. **Click [here](#) to get your free SIM card mailed to you, so can use your phone as soon as you arrive in the U.S.** For more information, visit campussims.com.

@istudents.ucsd

Government IDs

NEW INTERNATIONAL STUDENT ORIENTATION

- Passport
- Driver License
- REAL ID
 - (California ID)

GETTING A GOVERNMENT ISSUED PHOTO ID

What is a government issued photo ID?

A government issued photo ID is an official document that includes your picture and personal information such as full name, date of birth, address, and more. This can be a driver's license, a state issued photo ID, or a passport.

Why do people get a government issued photo ID?

It can be used for local transactions where an identification is required such as purchase of alcohol. It is a **convenient alternative to carrying a passport with you.**

What's the difference between an ID Card and a driver's license?

Unlike a driver's license, you **cannot use your state issued ID Card for driving.** In California, the Department of Motor Vehicles (DMV) oversees issuance of driver's licenses & state issued photo ID cards.

What is a REAL ID?

REAL ID is a driver's license or ID card that is also a federally accepted form of identification. For example, it can be used to fly within the U.S. The REAL ID Cards are marked with a gold bear and a star. The state of California is transitioning into only using REAL ID cards by May 3, 2023. Please note that **a REAL ID is used for photo identification and is not evidence of legal presence in the U.S.**

What you need to do get an ID Card:

DMV Website

- Make sure your SEVIS record has been activated
- Complete an [ID Card Application](#).

- Valid I-20 Form
- I-94 Record
- Original Passport
- Social Security (SSN) Card or Social Security Denial (Form SSA-L676)
- Residency documents** (have to show your name and the address where you reside, usually need 2 different types of documents. See DMV website for more detail)

DOCUMENTS

- Debit/credit card or cash to pay the application fee (about \$33)

What to expect at the DMV:

- Some services do not require an appointment and you can just walk in, check the DMV website for information.
- Once a staff member looks over your documents, you will be given a number. When it is your turn to approach the window, your number and the window number will appear on the screen. *(Fun Fact: Different letters that are part of your "number" are associated with different services. The numbers and letters are not called in a sequence!)*
- DMV can be a bit slow, be patient and **set aside at least 2-3 hours** to go to the DMV.
- You will be asked to provide a thumbprint and a signature as well as take a picture as part of the process. *(Please note that this may be different if you are applying for the driving license.)*
- The ID card will be mailed to you. In the meantime, the DMV will give you an official paper that acts as your ID.

Avoid Housing Scam

AVOID HOUSING SCAMS

*Be aware of housing scams, particularly on websites like Craigslist!
Signs of a scam targeting renters can include the following:*

1. The advertised price of the rental property is **much lower** than that of similar properties.
2. The person trying to rent you the property claims to be an agent for the property owner who is too busy, out of the country, or otherwise unavailable to handle the rental.
3. The owner or agent **requires you to sign the lease before you see the rental property.**
4. The owner or agent isn't able to let you enter the home or apartment or charges you a fee to view it.
5. You're asked to **wire money** as a deposit or payment of first and last month's rent. Remember wiring money is the same as giving cash. You **can't get a refund**, even if you find out the offer was a fraud.
6. The owner or agent uses high pressure sales tactics, urging you to rent quickly, before someone else gets the property.
7. The person preparing the lease writes in a higher monthly rent or additional fees that you hadn't agreed upon.
8. The landlord directs you to a website to get a free credit check. This can be a tactic for **harvesting your identity**. Only disclose this information on a written application after you have seen the property.

Consult with [UCSD Student Legal Services](#) if have any questions about a property you are renting/would like to rent.

Fun facts about the Pieces

BEAR (2005) BY TIM HAWKINSON

Location: Academic Courtyard

(formed by Atkinson Hall of the California Institute for Telecommunications and Information Technology, the Computer Science and Engineering Building, and the Powell-Focht Bioengineering Hall)

- The Bear is 23'6" feet high and weights 180 tons as it is constructed out of 8 granite stones and pushes the bounds of credibility.
- The Bear has inspired many students who have given it Valentines' Day "heart glasses", an entire crew team uniform, and a "Beary Potter" costume.

Have you ever had a small plush teddy bear when you were younger? How would you feel if you were to encounter that same bear but scaled up to the size of a building and made out of stone?

Playfully working with these concepts, Tim Hawkinson's Bear statue entices the viewer to look with awe at an almost fantastical structure that seems to break all conventions of scale.

Fun facts about the Pieces

SNAKE PATH (1992) BY ALEXIS SMITH

Location: near the Geisel Library

- Snake Path consists of a winding 560-foot-long, 10-foot-wide footpath in the form of a serpent, whose individual scales are hexagonal pieces of colored slate, and whose head is inlaid in the approach to the Geisel Library. Along the way, the serpent's slightly crowned body circles around a small "garden of Eden" with several fruit trees including an apple, a fig and a pomegranate.

What comes to your mind when you think of what the word "paradise" means to you? Alexis Smith tackled this notion with the creation of Snake Path, a large walkway that serpentine up the side of the hill towards Geisel Library.

In working with the idea of a "movement towards knowledge" that one would do when going towards the site of the library and the potential for breaking away from the comforts of ones' own understanding of their world, or paradise, Smith deliberates on this idea of ignorance is bliss and what happens when leaving from that in the pursuit of knowledge.

Fun facts about the Pieces

FALLEN STAR (2012) BY DO HO SUH

Location: Jacobs Hall

- Do Ho Suh's work explores the notions of home, cultural displacement, one's perception of space and how one builds a memory of it. These explorations grew out of Suh's experience when he arrived in the U.S. in the early 90's to study at the Rhode Island School of Design.
- The Fallen Star is a sheer fabric replica of Suh's home in Seoul and his American apartments.

Have you ever felt like you are in the right place where you want to be, but things still feel a bit off? Your dream career is just a touch out of color from what you thought it was going to be like? This is similar to what Do Ho Suh was feeling when recreating an almost exact replica of his home in Seoul but setting it off-balance teetering off of the edge of a building.

The best way to experience this piece is making your way to the rooftop and walking into Fallen Star. The entire room is tilted ever so slightly to ensure for a mixture of home-ly comfort yet off-kilter instability.
